

Walthamstow: Past & Present

Last updated on the 18th January 2013

My name is Dave Hughes and I started this project in November, 2011. This project is in five sections. This project has been compiled as a research tool and nothing else. No opinions or views are expressed.

Walthamstow Live Act Venues **70 listed**
Walthamstow Businesses **2,721 listed**
Walthamstow Performers **5,058 listed**

Walthamstow Roads, House names, etc

Photo's of Walthamstow

Walthamstow Diary

Private House Names

+ Walthamstow Snippets + Memories of Early Walthamstow

I would like to vastly increase this project but for this I will need help. If you can help add information to this project please contact me either by email at dbh60@rocketmail.com or by post at 22 Walnut Court, Vallentin Road, Walthamstow, London, E17 3JL.

Walthamstow Live Act Venues: This section of the project is to list all and every place in Walthamstow which has staged at least one live music event. It will not include Karaoke or similar events but will include other live acts such as poets and even magicians. Whether it was a band or a single performer it should be listed amongst the venues included. Unfortunately The Standard Music Venue made a lot of spelling mistakes on their posters and other publicity and it has taken some time to correct the spelling of the various band names. Sometimes a band would slightly alter their name from time to time and that is why there are listings with similar names. Any help with this would be greatly appreciated.

Walthamstow Businesses: It is my intention to list any business or shop that **ever existed** within the boundary of Walthamstow. In time more information will be added to the project. In column A, businesses in **red** are still trading, businesses in **brown** are units within a larger market or building, and those in **black** are no longer trading. At the moment places of worship are in this section, but I may consider putting them in their own category when this section increases in size.

Walthamstow Roads, large buildings, etc: In the Walthamstow Roads section I have also listed names of buildings, blocks of flats, tower blocks, names of larger houses and even names of cottages. This section is also colour coded. **Black:** still exists, **Red:** no longer exists, **Green:** playing fields/parks, **Pink:** larger house names and blocks of flats, **Violet:** mews and almshouses and **Brown:** alleyways with no houses or businesses.

Private House Names: In time I will add a list of private house names to this section. Most will be the names that were given to the house when it was originally built.

Walthamstow Snippets: An odd selection of items about Walthamstow. If you have anything which you would like me to include please get in touch.

Memories of Early Walthamstow: Individual memories of Early Walthamstow, some with photos and cuttings.

Photo's of Walthamstow: In time I will add a lot of pictures that I have taken in Walthamstow. I have no problem with anyone using these photograph's for any legal purpose as long as they accredit them to myself.

Walthamstow Diary: In time I will add to this section. If anyone can help with information please get in touch.

The email address for copies should go to dbh60@rocketmail.com

**From January 1st, 2013, the cost of each copy of the CD will be £5
